Quick Heal Foundation MOU Report 2018-19

Content Development for web portal:

This is a first pilot project executed by QHF to host one course “Simplified C” on web portal which is still in process.

Aim: Employability Enhancement.

Objective: To publish the simplified c content on web portal so that the students can learn new things. and scope of course contents, which result in expanding the gap between industry expectations and academics.

Duration of Programs: April 2018 To 31st March 2019

Speakers: Mrs. Sugandha Dani

Company Name: Quick Heal Foundation

Name of Participants: 1) Mrs. P.M.Bharambe (Faculty)
2) Mrs. Shubhangi Ghule (Faculty)
3) Pratik Bingewar (T.Y.BSc(cs)) (Student)
4) Aishwarya Hinge (T.Y.BSc(cs)) (Student)

Details of activity:

Single topic explained in 3 diverse ways

- Technical writeup covering “What”, Why” and “How” for every topic
- Presentation to explain the topic
- FAQs / one liner as ready reckoners
- Topic wise quiz for self-evaluation

Guidelines:

- To make this site, QHF have formed a team of students from all computer science courses including BCA, MCA, B.Sc., M. Sc., BE. This will make the contents all-inclusive.
- The contents are also developed by team of students under the guidance of faculties as mentor who have already attended QHF Faculty Connect Program.

Outcome:

- Precise and specific contents are developed to match university syllabus but from industrial perspective
- All faculty and student participants are recognized by Quick Heal Foundation by mentioning their name on the Quick Heal web portal with appreciation letter.
